# Speakers & Seminars

**10:15-11:30, Dr. Andy Pulte, REWILDING**

Rewilding is about restoring ecosystems to the point where nature can take care of itself. Dr., Pulte, coordinator of UT's Plant Sciences and undergraduate programs, will focus on succession planting of native and not-native plants to create lower-care, high impact landscapes. Explore large public landscapes and find principles for use in your own yard.

**11:45-1:00, Lina Rodriguez Salamanca, PLANT DISEASE INVESTIGATOR**

Learn how to sharpen your observation skills and what resources are available to become a better plant problem sleuth. Lina Rodriguez Salamanca is an Instructor, Manager & Diagnostician with the VT Plant Disease Clinic

**11:45-1:00, Barbara Leshyn, MODERN FLORAL DESIGN WORKSHOP**

Create an artistic design using flowers, air plants and found materials. Join Barbara Leshyn, a VT floral design professor, for this make and take workshop. Class is limited to 25 attendees and cost is \$25. To pre-register send check to WCMG, 234 Valley Street, Abingdon, VA by April 12th, or sign-up at class if space is available.

**2:30-4:00, Ellen Reynolds, LAVENDER AND OTHER POLLINATORS**

Travel through beautiful pollinator gardens with Ellen Reynolds, the owner of Beagle Ridge Herb Gardens. A more in-depth discussion of lavender will be presented including the specific type of gravel/soil needed for this beautiful plant to thrive.

**2:30-4:00, Carol Doss, MAKE & TAKE RAIN BARREL WORKSHOP**

Join Carol Doss and other members of the Upper Tennessee River Roundtable in this hands on workshop. Carol will give tips for maintaining a healthy environment in the rain barrel for all seasons. Rain barrel and all fittings are supplied. Fee of \$15 is payable at the door. Class is limited to the first 20 participants in line.
